

H. KORSMEIER, NEW MAYOR, TAKES OFFICE

Around the Square

In case you hadn't realized it, having the American Water Works Association meeting here next month amounts to a nice big feather in Sierra Madre's cap. It means that association members throughout the state—men who really know their hydrology—recognize the city's water conservation program as a great achievement. State Division of Water Resources officials recently remarked, incidentally, that Sierra Madre has made more progress along these lines than any other city in the state.

The subscription renewal was addressed to "Sierra Madre News, On the Square, Main Street, Middle of Town, Sierra Madre, California." Yep, it got here all right.

If you attended Easter services at the Ascension Church, you surely noticed the altar floral display. Beautiful, was it not? Well, let us give you some inside dirt. Those flowers were (shudder) stolen. Your Easter worshipping was done before a backdrop of pilfered posies.

Mrs. Emile Smith, well-known in Sierra Madre for her floral arrangements, was assigned to go to the home of a local parishioner and pick up flowers donated for the church decorations. Finding no one at home, she just went out into the yard and started picking. As she was finishing, a man whom she didn't recognize drove in the driveway, casually glanced at Mrs. Smith and started to enter the house.

She thanked him for the flowers and he said, "Not at all, don't mention it" or words to that effect. Just about then the sad truth dawned. She was at the wrong address.

We want to add our thanks to the unknown donor. Your flowers were beautiful, Mr. X.

Reporters on the new San Gabriel Valley Sunday Section of a prominent Los Angeles newspaper (20 cents on Sunday) must be armed with shears and pastepots, not typewriters. Scanning this week's supplement gave us a wave of nostalgia. It was just like reading the back issues' file of the NEWS.

Well, boys, the plants are planted and the peppers are beginning to look peppy. Now how about the long-awaited bus shelter for the Kersting Court Triangle? It gets kind of hot out there waiting for the 12:14.

Testimonial Event To Honor Kinney

An all-Sierra Madre testimonial dinner is being planned for June 5 to honor William A. Kinney, who stepped down as mayor this week.

Mr. Kinney announced in February that he and his family will be leaving Sierra Madre "sometime early this summer." The ex-mayor is being transferred by his firm, the Flintkote Company, Pioneer Division, to San Leandro, Calif., where he will be appointed manufacturing manager of a new mill now under construction in that bay area city.

The testimonial dinner, to be sponsored by the Sierra Madre Lions Club, has been announced well ahead of the actual date to assure as large a turnout of citizens as possible.

Two Candidates File for Trustee

Two candidates were filed for the office of City School trustee yesterday afternoon when the NEWS went to press shortly before the filing deadline at 5 p.m.

It did not appear likely that there would be any other candidates for the one vacant chair on the School Board.

FIVE LOCAL MEN ARRIVE FROM KOREA

Five Sierra Madre soldiers of the 40th Infantry Division will be home by the first of the week after more than a year of service overseas and nearly three months in combat.

The returning Heavy Mortar-men are Sgt. Thomas J. Cox, 269 E. Laurel; Sgt. Miner Y. Harkness, 57 N. Baldwin; Sgt. Randall G. Perry, 541 W. Laurel; Master Sgt. Ernest Smith, 33 Vista Circle Drive; and Sgt. Glidden C. Switzer, 398 W. Sierra Madre boulevard.

The local quintet was among the 403 officers and men of the 40th who arrived in Seattle Sunday aboard the Transport Sylvester Antolak.

Mrs. Perry, mother of Sgt. Perry, said her son, Switzer and Smith are being processed for discharge at Fort Ord. Their wives went up to meet them yesterday. The other two men, Harkness and Cox, were sent to Camp Stoneman for discharge. These two probably will be home by Friday or Saturday. The trio at Fort Ord are scheduled to arrive here Monday or Tuesday.

City School Slates Annual Track Meet

Annual intramural track meet at City School is scheduled for next Thursday, April 24, beginning at 1:30 p.m., according to Philip T. Mitchell, sixth grade teacher in charge of the meet.

Fourth, fifth and sixth grade boys will be competing in five classes determined by weight, height, and age of the athletes. Mr. Mitchell said five events are planned: 60-yard dash, 60-yard obstacle race, 60-yard relay; hop, step and jump, and the baseball throw.

Sierra Madre Kiwanians probably will be acting as officials as well as men instructors of the three grades participating: Ray Bowman, Joe Mol-tane, Elliot Ellenson and Everett Clayton. Superintendent Charles A. Skutt will assist as a judge at the finish line.

Mr. Mitchell pointed out that competing in the meet is strictly voluntary. He predicted that between 80 and 100 boys would participate.

PRESIDENT'S GAVEL is presented F. A. Ritterrath, newly-elected head of the Sierra Madre Toastmasters Chapter, during installation dinner last week. Other new officers include Walter Brock, treasurer (far left); John Powell, vice-president (center), and Hans Guthertz, deputy governor (far right). Congratulating Mr. Ritterrath is Fred Shelton, district governor. Also installed as new officers were Thompson as Andrews, secretary; Harry Eder, sergeant-at-arms, and Edward Cavanaugh, educational chairman. The Toastmasters meet at 6:30 p.m. on the second and fourth Wednesdays at the Plantation Restaurant in Monrovia.

Diana 'Doing Fine' After Brain Surgery

Diana Johnson, age 9, was reported "doing fine" and making a remarkable recovery this week following delicate brain surgery last Wednesday at St. Luke Hospital.

Diana, the daughter of Mr. and Mrs. Harold Johnson, 658 Orange Drive, was able to return home Friday. She is being cared for by Mrs. Johnson, a professional nurse.

The operation was performed by Dr. William Grant, famed brain surgeon who operated on little Donny Martin of Canada who came to Southern California several months ago for the same surgery.

Heasley Calls For Home, Yard Clean-up

A home spring clean-up by Sierra Madreans was "strongly recommended" by Fire Chief James C. Heasley today.

The chief suggested that each householder check off the points outlined by the National Board of Fire Underwriters in its program for home fire safety:

1. Clean out combustible rubbish from closets, the attic, cellar, basement, garage and other family niches where it's likely to collect. But in disposing of such junk be careful if you plan to burn it. Don't burn down the house while burning the rubbish.

2. Dispose of gasoline, benzene, or other explosive liquids.

Vandals Hack Pole Halyard

Vandals hacked the halyard of the 50-foot flag pole in the City Park Monday night.

And then, to add a little more devilry to their work, they pulled the free ends of the halyard through the pulley. Park Superintendent Ernest Mohler found the rope lying on the ground at the foot of the pole Tuesday morning.

MORE NAMES SUGGESTED

Three additional names were suggested this week for Sierra Madre's Kersting Court Triangle.

Louisa R. Shippey, 341 Auburn, said that "if the small area in the heart of our city is still unidentified, I should like to submit the following (suggestions):

"Kersting Plaza
"Kersting Corners
"Kersting Triangle."
These proposals swell the total of submitted names to more than 15.

County Proclaims 'Wistaria Week'

The Los Angeles County Board of Supervisors has proclaimed the week of April 13 to 19 as "Wistaria Week" in honor of Sierra Madre's Wistaria and Flower Festival.

A resolution calling the vine "the largest blossoming plant in the world and . . . one of the seven gardening wonders of the world" was introduced by Supervisor Herbert C. Legg.

Knowland Blasts Truman Steel Seizure

U.S. Sen. William F. Knowland lashed out vigorously last week against President Truman's seizure of the steel industry and said it might "well set a precedent for some other president, if not the incumbent, to take over any business in the country."

Addressing a nearly-full house at the City School auditorium Thursday evening, Sen. Knowland said Mr. Truman's action "should cause great concern among the American people."

He declared that he hoped the seizure will be resisted in the courts, "and it should be and will be by Congress."

The senior senator from California reminded his audience that taxpayers in this state paid \$3,500,000,000 in federal taxes last year, and this was more money than all the states in the Union paid up until the year 1934.

"Yes, we've gone a very long way," he said gravely.

Senator Knowland wryly remarked that "some folks in

City to Host Water Meet

Sierra Madre's city water department will play hosts May 23 to the American Water Works Association, and numerous prominent state, city, and county water officials are expected to attend.

Following a luncheon, possibly at the Wistaria Vine Gardens, the visitors will be conducted on a tour of the city's recently completed water diversion structure and spreading grounds. The county's spreading grounds also will be visited.

Speakers from the County Flood Control District and the State Division of Water Resources will highlight the event. Al Freeland, Sierra Madre's water superintendent, will be chairman of the day.

W. A. KINNEY STEPS DOWN AFTER 2 YRS.

New '1st Citizen' Also Becomes C.D. Director

Henry F. Korsmeier became Sierra Madre's mayor Tuesday night.

Stepping down after two years of being the town's first citizen was William A. Kinney.

Mr. Korsmeier was elected chairman of the City Council—or mayor—immediately after the votes of last week's municipal election were canvassed by the councilmen.

As mayor, Mr. Korsmeier automatically becomes Civil Defense Director for Sierra Madre, also.

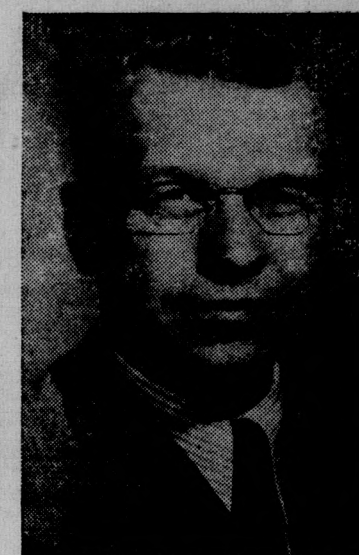

In accepting the gavel, Mayor Korsmeier said "I deeply appreciate the honor you are bestowing upon me."

"And if I can do half the job Mayor Kinney has done during his term of office, I'll be thankful," he stated.

Mr. Kinney interrupted him to say, "It's 'Councilman Kinney' now."

Mayor Korsmeier went on to congratulate Mr. Kinney for "a wonderful record," pointing out that he was absent from the council on just one occasion while serving as mayor.

The new mayor has been a resident of Sierra Madre 8½ years and has been a councilman for four years. He is a member of Sierra Madre Lodge

BUILDING TOTALS DROP OUT OF SIGHT; RAINS BLAMED

Inclement weather was blamed for the drastic slowdown in building activity within Sierra Madre last month. Building permit totals all but dropped out of sight during March.

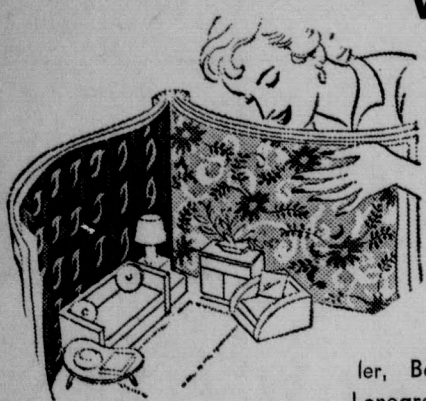

In marked contrast with March of last year, when permits soared to \$256,410, figures for last month amounted to only \$30,846. The permits also were down sharply from the month before, February, when the total was announced as \$102,330.

William Lees, city building inspector, reported the following building permits for more than \$500 issued last month:

Trygve Soyland, contractor, to alter the dwelling at 240 Ramona, a permit for \$3396; A. L. Suman, to construct a studio porch and carport at 309 Cypress Court, permit for \$4000; Harry Lange, to erect and alter store buildings at 81 and 83 W. Sierra Madre boulevard, \$9000;

Peter Hillier, to alter a dwelling at 430 E. Montecito, \$500; John Adams, to alter and repair a dwelling at 623 Woodland Drive, permit for \$600; H. E. Franzen, to add a room at

The Sierra Madre Community Nursery School Association will hold its annual rummage sale on May 29 at 34 S. Fair Oaks avenue, Pasadena, from 9:30 a.m. to 4:30 p.m.

Mrs. James O. Johnson and Mrs. F. A. Ritterath are co-chairmen of the event which is the main money-making activity planned for the year. Proceeds will go toward buying new equipment and repairing old equipment at the nursery school.

A pre-sale has been arranged for April 29, 2 to 4:30 at the Nursery School to give Sierra Madreans an opportunity to participate, according to Elena C. Brown, publicity chairman. Supervision will be provided at the Nursery School for children while their mothers are attending the pre-sale.

Scout Troop Spends Week On Camp Trip

Boys from the Boy Scout Troop 3 of Sierra Madre, accompanied by George Black, scoutmaster, returned last Friday evening after an eight-day camping trip to Arizona and the Grand Canyon.

The boys were Stephen Metzger, Bob Middlebrook, Bob Nelson, Terry Westhafer and Charles Ascher.

Travelling by pick-up truck, the round trip covered 1500 miles. En route, the scouts visited places of interest, including the Salton Sea, Oak Creek Canyon, a copper smelter at Globe, the Montezuma castle ruins and Boulder Dam, and they brought back rock specimens and some fossil.

The scouts camped two nights and three days inside the Grand Canyon down by the river and hiked about 24 miles.

Highlights of the trip included a tour of a copper smelter, visits to mining towns, a hike to the bottom of the canyon, and interviews with Indians.

Local Guard Reservists Go to School

Four Sierra Madre National Guard Reservists attended the "School for the Soldier" under the direction of the Second Group, California National Guard Reserve, held at the Burbank Armory recently.

Representing the Sierra Madre Company B, 6th Battalion, Second Group, 1st Division, were Capt. Lieberg, commanding officer; 2nd Lt. Leon Jenkins, Sgt. E. T. Louis Van Iersel, and Pfc. E. H. McGlum.

Lt. Jenkins pointed out that the reservists receive pay in their respective grades for each school attended.

The local company currently is conducting a recruiting campaign as a part of the statewide "Operation 3009." The Sierra Madreans meet Thursday evenings in the City Hall basement. All men, qualified to pass a moderate physical examination and aged 17 to 70, are invited to apply.

RABIES EPIDEMIC SAID 'ALMOST CERTAIN' IN AREA

An epidemic of animal rabies in Los Angeles County appears to be almost certain following occurrence of 11 additional cases reported during the past week, according to Dr. Roy O. Gilbert, county health officer.

Seven dogs, two cats, a cow and a weasel, all diagnosed as rabid, brought the total number of rabies cases up to 22 since Jan. 1 of this year, as against 24 for the entire year of 1951. Eighteen of the 22 cases have occurred during the past three weeks.

The rabid animals were picked up in Lakewood Village, Downey, Bellflower, Whittier, San Gabriel, Alhambra, Temple City, Monterey Park, Rosemead, El Monte and Basett.

Sea Scouts Nab 85 Fish In 1 1/2 Hours

Sea Scouts of the Ship "Hornet" camped out along the California side of the Colorado River behind Parker Dam last week. They left Sierra Madre April 6 and returned the following Thursday, April 10.

Those making the trip were Sea Scouts Alvin Jacobsen, George Freeman, Clark Marshall, Gary Rhodus, Myron Smith and Don Stocker. Accompanied by Bob Thomas, mate, and Larry McGinnis, they travelled by truck and station wagon.

Mr. McGinnis brought his outboard boat. Members of the group report they caught 85 blue gills in an hour and a half.

Final regional runoff in the Lions annual Student Speakers Contest will be held this evening at Huntington School in San Marino.

Bill Thomas, Monrovia-Duarte High School student, was zone winner last Thursday during competition in Altadena. Bill, sponsored by the Arcadia Lions Club, will meet other zone winners in the runoffs tonight.

Ralph (Pappy) Welch of Sierra Madre is the speech contest chairman for District 4DII.

A business meeting is planned by the Sierra Madre Lions for their weekly session this evening, 7:15 at the Woman's Clubhouse.

ECK HIESTAND HITS DANGERS OF INFLATION

Edgar (Eck) Hiestand, candidate for Congress in the 21st District, spoke before the joint Republican groups last week and stated his qualifications for the office he seeks.

"The cause is more important than the candidate," Mr. Hiestand told his audience. He then listed the major problems facing the nation today and declared that this is the year to decide between Socialism and Democracy.

"There is no such thing as a 'little Socialism,'" the candidate warned. "Either you have it or you don't."

Remarking that "the danger of inflation is greater than war itself," Mr. Hiestand outlined four general steps to curb it: 1—reduce spending; 2—sound tax policy; 3—sound credit policy; 4—sound money policy.

He advocated a "return to constitutional government, the halt of inflation, and removing government from private business."

Girl Scout Notes

Troop 14 girls have made ceramic replicas of their pets and also models of their own hands which can be used as ash trays. Easter tray favors made by the troop were sent to Santa Teresita Sanitarium. They were tiny planters made of colored egg shells filled with soil and minute plants.

Two troops are camping this week at Camp Miller in Big Dalton Canyon. Mrs. Simpson's Troop 14 was out on Monday night, and Mrs. Draeger and Mrs. Lander are taking Troop 15 over the coming weekend. They will spend two nights at the camp. Mrs. Roy Arnold, camping director, will visit both troops while they are at camp.

All Sierra Madre Girl Scouts are looking forward to and planning for the fiesta on May 3 at Memorial Park. There will be a program of dances and pantomimes, and a variety of good things to eat will be on sale.

TROOP 3 SCOUTS SELL SPAGHETTI DINNER DUCATS

Troop 3 Boy Scouts were busily selling tickets this week for their annual Spaghetti Dinner, to be held Monday, May 5, at the Congregational Church.

The Scouts will help set the tables and do much of the preliminary work for the event, profits from which are used to send boys to a summer camp at Sequoia. Mothers will prepare the spaghetti and bring home-made cakes.

Slocum Takes Part In Field Excursion

Robert F. Slocum, 5 W. Carter, was one of a group of Los Angeles State College students who took part in a nature study field trip to Mexico and Arizona during Easter vacation week.

The students and instructors camped out during the excursion. One of their overnight stops was in Crater Range. Slocum, a liberal arts major, is a junior at L. A. State. This week, incidentally, he returned to his old Sierra Madre-Los Angeles Pacific Electric bus route.

Arts, Letters Chapter Plans Anniversary Tea

Pasadena Chapter of the National Society of Arts and Letters will observe its first anniversary with a tea Monday, April 21, at the home of Mrs. Nanette N. Melvin, 415 S. Oakland ave., Pasadena.

It will be an "all member participation program," according to Mrs. Caroline Converse, president, who will take the chair at 1 p.m.

Sierra Madre members of the chapter who will attend include Mrs. Lucy Marquardt, Mrs. Mabel Grill, Mrs. Ellen Nourse, Mrs. Frances Yeckley and Mrs. Alice Sedgman.

The Pasadena chapter was organized last year at the home of Mrs. Louise Ward Watkins. The first officers were installed at the Huntington Hotel on Oct. 17. Mrs. Catherine Hamlet, the fifth national vice-president of the society, explained the aims of the society when the chapter was being formed. She expects to attend the anniversary tea Monday.

RHINE ATTENDS LUMBERMEN'S MEET

Verle Rhine of the E. K. Wood Lumber Co., 30 E. Montecito, is attending the 35th Annual Lumbermen's meeting being held at the Ambassador Hotel, Los Angeles, under sponsorship of the Southern California Retail Lumber Association.

The three-day conference will close today. Among the speakers at the convention is Clayton Rand, prominent journalist from the South.

EVANGELISTIC CAMPAIGN LAUNCHED BY BAPTISTS

A week-long evangelistic campaign got underway last night at the First Baptist Church, 49 S. Baldwin, featuring the Rev. Carl Olson, staff evangelist of the General Baptist Conference of California.

Services will be held each evening, 7:30 p.m., through the campaign which ends Tuesday, April 22.

The Rev. Mr. Olson is described as a "dynamic speaker who has been well received throughout the state." Mrs. Olson will be guest pianist for the entire series.

Each service will include special music, both vocal and

instrumental, according to the Rev. Roy Gibbs, pastor of the Baptist Church.

"Mr. Olson's campaign is noteworthy due to an absence of 'professionalism' so often evident in a program of this nature," said the Rev. Gibbs.

Mr. Olson will occupy the pulpit at both services Sunday.

Man Straps Woman's Back

A local housewife today asserted that one Victor Keisel of this city, gave her an unprovoked back strapping last Tuesday evening. When questioned, Vic Keisel explained that he had been strapping ladies' backs for years, and further that he loves to do it—and feels that more ladies should have it done. He maintains that strapping ladies' backs, chair backs, that is, with a strong webbing is a modern upholstery method essential for the durability of the chair.

Mr. Keisel can be found working daily at 31 N. Baldwin. He says: "Whenever you have upholstery trouble, let The Drapery Shop get to the seat of it." Remember the phone please—CU. 5-1255. It's an ad.

Woman's Club To Hear Duet

An instrumental duet will be featured at the next meeting of the Sierra Madre Woman's Club, 2 o'clock Wednesday, April 23.

Program Chairman Mrs. Percy Kortkamp will present Alice Quayle, cellist, and Mary Ayres Fisk, pianist.

Pulpit Guest Escaped Nazis During WW II

Pulpit guest Sunday, April 20, at the 11 a.m. worship service of Bethany Church will be the Rev. Oscar Stern, Jewish refugee from Czechoslovakia.

The Rev. Mr. Stern will present his life story. "My Escape from Hitler's Terrorism" will be his sermon topic. Mr. Stern will tell how he spent more than seven months 500 feet underground in a Nazi dungeon during World War II. Before the outbreak of the war he was arrested by Hitler's Gestapo and placed in prison in the forsaken catacombs of Koenigsberg, East Prussia.

REV. OSCAR STERN
... fled from prison

The Rev. Mr. Stern will describe how he lived for long periods of time on bread and water, sleeping on a board, how he was beaten so severely by a guard that he lay unconscious for days. He will tell of his subsequent hospitalization and escape.

"His story and gospel message are something you never will forget," said the Rev. Don B. Rood, Bethany pastor, in announcing the event.

After touring England Mr. Stern came to the United States where he now lives and recently became a citizen. He was a personal friend of Dr. Edward Benes, former president of Czechoslovakia.

At the 7:30 p.m. evangelistic service, the Rev. Everett Black, graduating senior from Fuller Theological Seminary, will speak.

The Rev. and Mrs. Rood and their son are vacationing this week. Mr. Rood will return to the pulpit Wednesday evening, April 23.

DEATH ENDS ILLNESS OF DR. KEMPTON

Dr. R. M. Kempton, uncle of NEWS Publisher Peter Ward, died in Saginaw, Mich., Saturday, April 5, ending an illness of several months.

A pediatrician, Dr. Kempton had been practicing in Saginaw for more than 30 years. He organized the pediatric departments at both Saginaw General and St. Mary's Hospitals. He was one of the principal forces behind formation of the Saginaw Valley Children's Center.

Dr. and Mrs. Kempton had visited a number of times in Sierra Madre with the late Clifford C. Ward and Mrs. Ione E. Ward, the doctor's sister-in-law. Following their last visit in October, Mrs. Ward traveled back to Saginaw with them and has remained there on an extended visit.

Funeral services were conducted at the Saginaw Congregational Church last week. Pallbearers were all medical colleagues of Dr. Kempton.

Journeying from Washington, D. C., for the service was Mrs. Art Ernst, the former Miss Elsie Ann Ward, who served several years ago in the advertising department of the NEWS.

Heasley Cites Hydrant Needs

The need for additional fire hydrants in the city and a condition of low water pressure on parts of Mariposa street were brought to the attention of city councilmen last week.

Fire Chief James C. Heasley said a survey shows more hydrants are required in 15 separate areas of the city. The report was referred to City Administrator R. Merritt Baker with the orders that he try to find out the cost of more hydrants and see what can be done to boost the water pressure on Mariposa, between Hermosa and Lima.

SIERRA MADRE NEWS—3

Merchants, clubs and organizations of all types are joining to help dramatize the story of the public school, Judge Mead said.

"With more than 70,000 school children in the state denied all but part-time classroom instruction, the need for a closer understanding of the public school crisis is very great," remarked Judge Mead.

One of the themes of the week will be "Let's all go back to school—if but for a day."

Kersting Court Gets Stop Sign

A boulevard stop sign was installed Tuesday on Kersting Court where it runs into Sierra Madre boulevard.

Warning "stop" signs were painted in the street ahead of the crosswalk.

In recent years, the corner had become a "mean one" for pedestrians, Police Chief Gordon G. McMillan pointed out.

BERT SAYS:

"All you kids must be ready for a new danger—the Atomic Bomb. You'll know it right away 'cause it explodes with a flash brighter than the sun; brighter than anything you've ever seen before. Then comes a very big wind that could knock you down. The wind will blow lots of bricks and glass through the air, too. So you must be ready and know what to do."

KNOWLAND LASHES From page one

Washington seem to confuse a million and a billion." They get used to handling these amounts, he said "and sometimes they make what is called 'a slight typographical error'."

"I do not believe this nation, as great as it is, can continue to pile additional expenditure onto additional expenditure and pile on more taxes without destroying the incentive of American citizens."

"Some folks in Washington would have us think that if we spend our own money, that is inflationary. But if the government takes it from us and spends it, that is not inflationary."

Sen. Knowland termed this "utter nonsense" and "squirrel cage thinking." "Government spending is one of the major inflationary causes today," he charged.

Concerning foreign policy, the senator said he believed in "a system of collective security." But, he said, the "cold facts" show that, of the 55 free nations in the UN, only 17 have contributed a single man to fight in the Korean conflict. And they have contributed only 35,000 men, while the United States has sent more than 350,000.

"The United States cannot continue to carry 90 per cent of the burden of a collective security system without bleeding the manpower and economic resources white," he declared.

The senator said American boys never before have had to fight under such conditions. "I do not believe that the government, the secretary general of the United Nations, or the 60 United Nations have the right to make Americans fight and die and then deny them the right to win," he stormed.

Senator Knowland denounced what he called the "wait until the dust settles" policy regarding China and asserted that this policy made China our enemies. "Now 450 million people have been taken behind the Iron Curtain," he said.

He contended that the administration has not been "frank" with the public on foreign policy, and he cited a report made by Gen. Albert Wedemeyer in 1947 on the situation in China and a "crystal ball" forecast of what would happen in Korea.

"This report was not made available to the public and to Congress until last spring during the MacArthur hearing," he said.

Loud cheers and applause filled the auditorium when Sen. Knowland said: "The American people owe a great and everlasting debt of gratitude to Gen. Douglas MacArthur."

During the question and answer period, the senator would not be pinned down on whether a military man should be elected president—a question obviously aimed at "Ike" Eisenhower.

He said military training should not be either a "necessary qualification or a handicap" to a candidate.

VFWers Attend Pre-Easter Dance

More than 100 Sierra Madreans attended a pre-Easter dance Saturday evening of the Harry L. Embree Post, Veterans of Foreign Wars, held at the Old Adobe.

Setting the pace for the evening were "The Strollers," a three-piece dance combo.

Track Fans Await Coliseum Relays

Track fans are in for a big evening May 16 when the 12th annual Los Angeles Coliseum Relays, largest invitational cinderfest in the nation, assembles many of the world's top athletes.

The meet, according to William C. Ackerman, general chairman, will have quite an international flavor, for it is anticipated that many foreign stars will participate. For example, invitations have been extended to Britishers Roger Bannister, distance star; Arthur Wint, Olympic 400-meter winner, and E. MacDonald Bailey, Jamaica sprinter.

This big track and field extravaganza, which has attracted crowds up to 60,000 is sponsored each year by the Southern California Committee for the Olympic Games of which Paul H. Helms, prominent Southland sportsman, is president.

FIRE FLAMES

Spring is here! When we speak of spring the word "clean-up" is synonymous. And what clean-up means to the fire department cannot be adequately expressed in words.

It's the cleanliness of our premises that controls the number of fires we have during the year. Winter produces much fire hazard, because we permit so much to accumulate that could well be done away with. We expect to get some front page publicity (with the cooperation of the Editor), and that will reach those who disregard or do not read the FIRE FLAMES.

We cannot thank the NEWS enough for the wonderful help given the fire department in keeping the danger of fire in the minds of the residents.

There is no other reason for our great record of low fire loss than that of the amiable cooperation of the Sierra Madre NEWS.

Your fire fighters are ever alert to fire danger and endeavor to prevent fire rather than fight it after it starts. Keeping in trim to fight the unexpected is another of the fire department's duties to which all members abide.

A good time was had by all firemen who appeared at the city garage to fill the bags with candy and to dye eggs last Friday. It's somewhat sad to then appear at the "quarters" and have a misunderstanding arise . . . a misunderstanding that really is of little concern. Hasty tempers and misunderstandings can easily confuse matters, and that is what happened to us. As always, the members of the fire department have their little disagreements—only to get together to "kiss and make up." This already has happened and we're in the groove again.

The kiddies at the park made quite a scramble for eggs, and the one thousand bags of candy are well gone into food value by now. Someone asked if the kids got as much fun out of these affairs as the firemen. And the answer is, "it is doubtful." It is a great pleasure to carry on the Easter and Christmas parties. Would anyone want us to discontinue them?

These activities are the strongest links in the chain of keeping the firemen together. It destroys the damage done by common whisperings and gossip that are so destructive to everything good. We can't afford to permit the picking of the other fellow's faults to interfere with the good going and fellowship of the Sierra Madre Fire Department. No siree! None of us are beyond criticism at times. Those who criticize the most usually are those who can be criticised the most. Ain't that right?

Anyway, when the competitive drills are over and the gang meets for dinner and fun there'll be no regrets and we are looking forward to such in the very near future. It's too bad that others are not able to participate in our social affairs. If it were possible, we would invite all to come and learn how to enjoy each other. We don't have that kind of money but we still want you to know you would be welcome if it were possible to arrange it.

Before closing this, let us ask all to turn to the front sheet and see what the fire chief asks you to do about spring cleaning. Yours to a cinder, keep the FIRES OUT.

TO LEAD CHINO RIDERS

RODEO STAR Montie Montana, world-famous trick and fancy roper, has been named grand marshal for the 16th Annual Chino Rancho Ride and barbecue Sunday, April 27. The public is invited, and busses will transport non-riders to the Soquel Canyon rendezvous.

YWCA To Hold Annual Meeting

Two major events mark the Pasadena YWCA's observance of National YWCA Week, April 20 to 26. The 43rd annual meeting will be conducted Monday evening, April 21, and the house committee is holding open house and a tea on Thursday afternoon, April 24, to show recent important improvements in the association building and to honor those who have helped make them possible.

Among the residents of Sierra Madre who long have been identified with the YWCA and who are now serving on its board and committees are Mrs. Charles H. Siegel, chairman of the Teenage Department, Mrs. Marie Parks and Miss Lucie Ford.

Hubers Enter Mara in Big Ensenada Race

A sports and social highlight of Southern California is the fifth annual Newport Harbor to Ensenada International Yacht Race, sponsored by the Newport Ocean Sailing Association, which will start on Thursday, May 1, at noon.

Planning to enter their boat, the Mara, in the classic are the Barney Hubers of 420 E. Laurel.

The Hubers also will attend the pre-race dinner dance at the Balboa Bay Club on April 30, in honor of yachtsmen and the many officials who will take part in the event.

On May 3, the Hubers and other skippers will be given a barbecue in Ensenada, enlivened by Mexican music and songs, followed by the presentation of trophies and the President's Ball at the Riviera del Pacifico Hotel.

Raddon Heads Scout Committee

Grant S. Raddon, 124 Vista Circle Drive, is the new chairman of the Boy Scout Troop 3 Committee.

Mr. Raddon succeeds Herman Ohs, 30 E. Carter, who is now active in the San Gabriel Council, Boy Scouts of America.

NOTICE IS HEREBY GIVEN that Donald H. Jackson has filed with the Planning Commission of the City of Sierra Madre an application for a zone change from R-1 (residential single) to C-1 (general commercial) as to certain real property described as:

The westerly 57 feet of that portion of Lot 2 of the Sierra Madre Tract, in the City of Sierra Madre as per Map recorded in Book 4, page 503 of miscellaneous records in the Office of the County Recorder and located at 470 West Sierra Madre Blvd.

That pursuant to the provisions of Ordinance No. 391 of the City of Sierra Madre as amended, the Planning Commission of the City of Sierra Madre at a regular meeting held on March 27, 1952, fixed Thursday the 24th day of April, 1952, and Thursday the 22nd day of May, 1952, at the hour of 8:00 o'clock P.M. in the City Hall of Sierra Madre as the time and place for holding public hearings upon said application.

Cdr. Carter's USNR Unit Wins Award

The Navy "E" pennant has been won by the Military Sea Transport Service Volunteer Unit of the U.S. Naval Reserve, commanded by Cdr. Paul N. Carter, USNR, a longtime resident of Sierra Madre.

Commander Carter's unit won the pennant in competition with some 150 other units in the 11th Naval District, which includes Southern California, Arizona, and Nevada. Only 15 of the units qualified for the awards.

"The fact that the unit qualified for the award in competition with other units in the program is an accomplishment in which the commanding officer and the members may take pride and indicates a high state of morale and proficiency," said Adm. W. D. Baker, commandant of the 11th Naval District, in a written commendation to the unit.

The USNR outfit includes naval officers from Monrovia, Arcadia, Sierra Madre, Pasadena, La Crescenta and Montrose. It meets at 2727 Paloma street in Pasadena.

Commander Carter said there are several officers and one or two enlisted billets still open in the program, and Naval Reserve officers are invited to obtain information by calling Custer 5-6789.

SUPER CHARGER—One of the exotic pieces of automotive equipment which will be on display at the Hot Rod and Motor Sports Show in the Los Angeles National Grand Armory, April 24 thru 27 in this dual super charger being examined by Donna Percy of Ontario.

Pedestrians Should Be Careful, Too

Each year thousands of pedestrians are killed while walking along city streets or country highways. While the major part of the responsibility for the reduction of this tragic toll rests with the drivers of automobiles, trucks and buses, a considerable part of this responsibility must be assumed by the pedestrian himself.

And yet, points out the Public Safety Department of the National Automobile Club, there are always these pedestrians who persist in leaving it all up to the motorist. Walking down city sidewalks they will suddenly wheel and dart out between parked cars right into the line of traffic, paying no attention whatsoever to the cars that might be bearing down upon them. Preoccupied with their own thoughts they will step off curbs without looking this way or that, will walk against the lights more often than not. Or strolling down country roads, they will walk far out on the pavement with their backs turned to the fast moving stream of traffic, always assuming that the motorist will see them and will manage to avoid an accident.

The wise pedestrian doesn't walk so. When walking near or through traffic he obeys all the traffic laws governing pedestrians. If he has to cross the street he crosses only at intersections or at properly designated crosswalks. When he crosses at intersections, he always crosses with the lights, and never makes the mistake of crossing on the diagonal. Before he steps off any curb he takes a good look up and down the street to see what cars may be coming and to make sure that the drivers see him and what he is about to do. When walking along the highway he always walks well off the pavement and on the left side facing into oncoming traffic. And when walking at night, he wears or carries something white and moves with extra caution.

Walking near traffic is always a heads-up game and the pedestrian who treats it as such is the pedestrian who manages to stay alive.

ARC Workers Lauded; More Help Needed

Local officials of the American Red Cross, led by Colonel Charles E. Morrison, fund drive chairman, publicly expressed the thanks today of both the Sierra Madre Chapter and the national office to all who worked in the door-to-door campaign.

Colonel Morrison also pointed out, however, that many more sections of the nation have been declared disaster areas and stand in need of aid because of floods, tornadoes and other rampages by nature.

In every newspaper story, he reported, somewhere or other it is noted that Red Cross squads were on hand to allay some of the difficulties.

"More money is needed to meet these disasters," the colonel stated, "and to make it possible for newspapers to continue to note that the Red Cross was able to be present."

Don't keep any of these fluids around the house.

3. Put oily rags, paint cloths in a covered metal container.

4. Have damaged or worn electric appliances repaired or replaced by a qualified electrician.

5. The furnace and other heating equipment should be looked over and any necessary repairs should be made before summer.

Concerning the possibility of forest fires, Chief Heasley urged residents to (1) crush out cigarettes, cigars and pipe ashes; (2) hold matches until cold and then break in half; (3) keep ashtrays in your car; (4) ask about the law before burning grass, brush, fence rows, or trash.

Clark Collapses While Downtown

Joe Clark, veteran mountaineer, who lives at the Half-Way House on Sturtevant Trail, collapsed Tuesday morning while on a visit downtown.

Mr. Clark suffered a slight cut on the forehead and a scratched nose when he fell directly in front of the Bank of Sierra Madre. He was treated by Dr. M. H. A. Peterson. Police expressed the belief that Mr. Clark over-exerted himself hiking down from the trail.

Other members of the Sierra Madre rescue team broke a long standing "rule" of their outfit by revealing the identity of Mr. Kassler. Said a spokesman:

"Charlie did an outstanding night's work, and it is only right that the community should know it."

Previously, individual crew men were never identified, and credit, if any, always went to the unit as a whole.
